# **The Dirty Dozen:**

## **The Minimum Distribution Rules**

---

**The First Seven Rules Deal Primarily  
with Distributions During Life:**

- **Required Beginning Date**
- **The Distribution Methods**
- **The Calculation Methods**
- **Changing Beneficiaries**
- **Separate Account/ Combined Withdrawals**
- **No Credit for Withdrawals Prior to RBD**
- **Minimums are Minimums**

# **Minimum Distribution Rules**

---

## **Rule #1 - Required Beginning Date**

- **April 1 of Year Following Year Participant Turns 70 & \_**
- **Separate From Service for Those Still Employed**

# Minimum Distribution Rules

---

## Rule #2 - Distribution Methods (Lifetime & After Death)

- **Annuity**
- **Life Expectancy**
  - » **Single**
  - » **Joint**

# Minimum Distribution Rules

---

## Rule #3 - Calculation Methods

- ◆ **Recalculation**
- ◆ **Non-recalculation (Countdown)**

# New Law Comparison

---

## Rule #2 – Lifetime Distribution Methods (IRAs and Amended Qualified Plans)

- Annuity
- No Single Life Expectancy
- Joint Life Expectancy (if beneficiary is spouse more than ten years younger)
- Uniform Table

# New Law Comparison

---

## Rule #2 – Lifetime Distribution Methods (Non-amended Qualified Plans)

- **Annuity**
- **Life Expectancy**
  - **Single**
  - **Joint (subject to MDIB)**

# New Law Comparison

---

## Rule #3 - Calculation Methods

- ◆ **Recalculation – Mandatory During Participant’s Lifetime**
- ◆ **Non-recalculation – Mandatory After Participant’s Death**

# Effect of Final Regulations

---

## Rule #3 - Calculation Methods

- Consistent with 2001 Proposed Regs
  - No need to elect Recalc or Nonrecalc
  - No need to have DB as of RBD
  - Use Uniform Lifetime Table during P's lifetime except where spouse more than 10 years younger
    - For Lifetime RMDs P's marital status determined as of 1/1 of distribution year

# Minimum Distribution Rules

---

## Minimum Distribution Incidental Benefit (MDIB Rule)

- ◆ Applied only to non-spouse beneficiary
- ◆ Applied only during participant's lifetime

# Minimum Distribution Rules

---

## MDIB Rule (cont.)

- ◆ **During Participant's Lifetime Beneficiary was treated as 10 years younger than Participant**
- ◆ **To ensure that beneficiary received only an "incidental benefit"**

# New Law Comparison

---

## Rule # 2 – Distribution Methods

### ◆ Lifetime

- Annuity
- Joint Life Expectancy (if beneficiary is spouse more than ten years younger)
- Uniform Table

# Effect of Final Regulations

---

## Rule #2 – Distribution Methods (Lifetime and After Death)

- **Three New Life Expectancy Tables** reflecting current mortality and resulting in slightly smaller RMDs:
  - **Single LE**: generally used after P's death
  - **Uniform Lifetime Table**
  - **Joint & Last Survivor Table**: generally used during P's lifetime when spouse is sole DB and more than 10 years younger

# Minimum Distribution Rules

---

## Rule # 4 - Changing Beneficiaries

- ◆ **Can Always Change Beneficiaries  
(Who Gets the Money!)**
- ◆ **Must Change the Calculation if in  
Favor of the IRS!**

# New Law Comparison

---

## Rule # 4 - Changing Beneficiaries

- ◆ Can Always Change Beneficiaries (Who Gets the Money!)
- ◆ Changing Beneficiaries Has No Impact on Calculation
- ◆ Will normally use Uniform Lifetime Table regardless of who is DB or if the participant has a DB (Exc: if S is sole DB and more than 10 years younger)

# Minimum Distribution Rules

---

## Rule # 5 - Separate Accounts/Combined Withdrawals

- ◆ **Each Account Requires Separate Withdrawal Calculation**
  - **For IRAs, Total Distribution is All That's Required (Can Be Taken From Any IRA)**
  - **For Qualified Plans, Required Withdrawal Must Be Made From Each Separate Plan**

# Effect of Final Regulations

---

## Separate Accounts

- for determining DB, must be formed by 9/30 of year following Participant's Death
- for determining Applicable

Distribution Period, must be formed by 12/31 of year following Participant's Death

- If trust is named as DB, separate accounts will not allow LE of each DB - must use oldest beneficiary as LE

## **Minimum Distribution Rules**

---

### **Rule # 6 – No “Credit” for Withdrawals Prior to Required Beginning Date**

- ◆ **Doesn't Affect Required Minimum  
Distributions (No “Credit” or Carry  
Forward)**

# Minimum Distribution Rules

---

Rule # 7 -

**Minimums are Minimums!**

◆ You can always take out more!

## **The Dirty Dozen:**

## **The Minimum Distribution Rules**

---

**The Last Five Rules Deal Primarily with Distributions After Life:**

- **Participant's Death Before RBD**
- **Participant's Death After RBD**
- **Designated Beneficiary**
- **Multiple Beneficiary Rule; and**
- **After Death Planning Opportunities**

# Minimum Distribution Rules

---

## Rule # 8 - Participant's Death Before the Required Beginning Date

- ◆ If no DB: “Five Year Rule”

- » Exceptions:

- Spouse: Rollover or Spouse LE
- Designated Beneficiary: LE of DB

## **Minimum Distribution Rules**

---

### **Rule # 9 - Participant's Death After the Required Beginning Date**

- ◆ **“One Year Rule” if no Designated Beneficiary**
- ◆ **“At Least As Rapidly Rule” if Designated Beneficiary**

# New Law Comparison

---

## Rule # 8 - Participant's Death Before the Required Beginning Date (SAME AS OLD LAW)

- ◆ If no DB: “Five Year Rule”
  - » Exceptions:
    - Spouse: Rollover or Spouse LE
    - Designated Beneficiary: LE of DB

# **New Law Comparison**

---

## **Rule # 9 - Participant's Death After the Required Beginning Date (SIMPLER & BETTER)**

- ◆ **No Designated Beneficiary -  
Use Participant's Life Expectancy**
- ◆ **Designated Beneficiary -  
Use Beneficiary's Life Expectancy**

# Effect of Final Regulations

---

## Participant's Death After the Required Beginning Date

- **If there is a Designated Beneficiary:**  
use the longer of:
  - Participant's LE or
  - Designated Beneficiary's LE

# Minimum Distribution Rules

---

- ◆ **Importance of Designated Beneficiary**
  - **Determined as of Required Beginning Date (with Calculation, Distribution, and Division Methods)**
  - **Determined Lifetime and After Death Distributions**

# New Law Comparison

---

- ◆ **Importance of Designated Beneficiary**
  - **No Impact on Lifetime Distributions**
  - **Determines After Death Distributions**
  - **Determination Date: 12/31 of year following Participant's Death (but this was changed by Final Regs)**

# Effect of Final Regulations

---

## Importance of Designated Beneficiary

- **Determination Date: 9/30 (NOT 12/31) of year following Participant's Death (to give plan administrator and taxpayer more time to determine MRD)**
- **If DB dies after Participant but before 9/30, still use LE of deceased DB**

# Minimum Distribution Rules

---

## Rule # 10 - Designated Beneficiary

- Term of Art
- Must Have “Heartbeat”

# Minimum Distribution Rules

---

## Qualifying a Trust as a Designated Beneficiary

- ◆ Valid Under State Law
- ◆ Individual Beneficiaries
- ◆ Identifiable Beneficiaries

## **Minimum Distribution Rules**

---

### **Qualifying a Trust as a Designated Beneficiary – (cont.)**

- ◆ **Copy of Trust to Plan Administrator when Distributions Begin**
- ◆ **Trust Must Be IRREVOCABLE as of the Date of Death**

# New Law Comparison

---

## Qualifying a Trust as a Designated Beneficiary – changed by 2001 Proposed Regulations

- ◆ **Copy of Trust to Plan Administrator:**
  - ◆ By the Required Beginning Date; or
  - ◆ By End of Year Following Year of Death

# Effect of Final Regulations

---

## Qualifying a Trust as a Designated Beneficiary

- **Copy of Trust to Plan Administrator**
  - **During Lifetime: only if spouse is named as DB & more than 10 years younger**
  - **After Death: by 10/31 of year following Participant's Death**
- **Amnesty period for old trusts: can be delivered by 10/31/03**

# Minimum Distribution Rules

---

## Rule # 11 - Multiple Beneficiary Rule

- ◆ Must Always Use the Oldest

# New Law Comparison

---

## Rule #12 – After Death Planning Opportunities

### The 3-Ds of After Death Planning

- ◆ Disclaimer
- ◆ Distribution
- ◆ Division

# Minimum Distribution Rules

---

## Disclaimer Strategy

(Legal “No Thank You”)

## Name Contingent Beneficiaries

- ◆ Provides Payment Flexibility
- ◆ Tax Planning

# **New Law Comparison**

---

## **Disclaimer Strategy**

- ◆ **“Direct” Toward Favorable Beneficiary**
- ◆ **Retain in Family Trust for Federal Estate Tax Reduction**
- ◆ **Retain in Marital Trust for Distribution Control**
- ◆ **IRA Rollover for Income Tax Deferral**

# New Law Comparison

---

## Distribution Strategy

- ◆ “Cash Out” Unfavorable Beneficiary
- ◆ “Direct” Toward Favorable Beneficiary

# Effect of Final Regulations

---

## Distribution Strategy

- **Must “cash out” beneficiary by 9/30 of year after death**

# Minimum Distribution Rules

---

## Division Strategy

- ◆ **Separate Account Rule Allows:**
  - **Account or Trust for Each Beneficiary**  
(Separate Accounts formed **prior to Required Beginning Date**)
  - **Distributions over Each Beneficiary's Life Expectancy**

# New Law Comparison

---

## Division Strategy

- ◆ **Separate Account Rule Allows:**
  - **Account or Trust for Each Beneficiary**  
(Separate accounts formed **prior to December 31st of year after death**)
  - **Distributions over Each Beneficiary's Life Expectancy**

# Effect of Final Regulations

---

## Separate Accounts

- for determining DB, must be formed by 9/30 of year following Participant's Death

- for determining Applicable Distribution Period, must be formed by 12/31 of year following Participant's Death

- If trust is named as DB, separate accounts will not allow LE of each DB - must use oldest beneficiary as LE

# New Law Comparison

---

## Planning Strategy

- ◆ Review Plan Document to Determine Options
- ◆ General Rule: Name Spouse as Primary and Trust as Secondary Beneficiary  
If Single, Name Trust as Primary and Individual as Secondary Beneficiary
- ◆ Review With Professional Team at Age 70

## **Disadvantages of Retirement Plan Assets**

---

- ◆ **Ordinary Income Tax on Distributions**
- ◆ **Death Benefits Subject to IRD**
- ◆ **Included in Estate**
- ◆ **Many Clients don't Spend**
- ◆ **Can't Give Away Without Gift & Inc. Tax**
- ◆ **Combined Inc. & Estate Tax Can Exceed 70%**

# Good Assets to Die With

---

- ◆ Real Estate
- ◆ Mutual Funds
- ◆ Securities
- ◆ Business Interests
- ◆ Life Insurance
- ◆ Roth IRA

◆ DEFERRAL

◆ DEFERRAL

## **Retirement Planning Strategy #2**

---

### **Spend Down or Reposition IRA-IRAs are Bad**

- ◆ **Spend down IRA while alive & pass good assets to heirs**
- ◆ **If distributions aren't needed reposition into more favorably taxed assets**

## **Retirement Planning Strategy #2**

---

### **Spend Down or Reposition IRA**

- ◆ **Take Distributions**
- ◆ **Pay Income Tax**
- ◆ **Gift After Tax Amount to ILIT**
- ◆ **Trust Assets Pass Free of Tax**
- ◆ **Provides Needed Estate Tax Liquidity**

## **Retirement Planning Strategy #2**

---

### **Spend Down or Reposition IRA**

- ◆ **Income Tax is going to be paid anyway, why not pay now & remove future growth from taxation**
- ◆ **ILIT can leverage ultimate amount passed to heirs**

## **Retirement Planning Strategy #3**

---

- ◆ **Roth IRA for Estate Planning**
  - **No minimum distributions until death of participant**
  - **Passes Income Tax Free at Death**
  - **Either Convert or Contribute**
  - **Good Asset for Family Trust**

## **Retirement Planning Strategy #4**

---

- ◆ **Charitable Bequest of Plan Balance**
  - **Give Bad Assets to Charity in Order to Avoid IRD**
  - **Keep Good Assets Which Pass Inc. Tax Free**
  - **Removes Plan Balance from Estate**
  - **Replace with Life Insurance in ILIT**

## **Retirement Planning Strategy #4**

---

### **◆ Testamentary CRT**

- Create CRT at Death of Participant or Spouse**
- Estate Tax and Income Tax Deduction for Amount to Charity**
- No IRD Upon Transfer to CRT**
- Heirs Receive Income Stream for Term of Years or for Life**
- Eliminates MRD Requirements While Still Providing Tax Deferred Installments**
